Mother's Day Arrangement

Print these sheets out (on cardstock if you have it). Let your kids color the flowers in, then cut out the blooms. Arrange in any vessel you have around the house (any empty jar will do). You don't have to use all the flowers in your bouquet. Use tape to secure flowers to the sides of the jar if it helps your arrangement stay put.

Mother's Day Bouquet

Print this bouquet out. Let your kids color the flowers in, then cut around the outside of the bouquet. Take a piece of paper (tissue paper if you have it!), lay it like a diamond, and glue/tape the colored bouquet in the top corner. Fold the two side corners over one another to form a pointed bottom, and tie a ribbon or string around your bouquet. Instant flowers for mom!
